

## Technical Specifications

### ANDANTE

- An avenue or wide, smooth and clear street. The performance covers approx. 150m.

It can also be performed in squares or large enclosures.

- One person to monitor and control the installations along the route for 2 hours.

- The van needs free access to the starting place to unload equipment.

- A place to park the van after unloading, until it has to be loaded again.

- It would be desirable to have a place nearby with bathroom facilities at the starting point to be used as a dressing room.

- Water.

- **Assembly time:** 3 hours. Plus a visit to the route.

- **Length of the performance:** 45 min.

- **Disassembly time:** 1 hour
